

Swimming Pool Induction

The swimming pool is open from September to April. It must be booked by the Group Coordinator and a once-off fee is charged for the duration of the camp. For safe use of the swimming pool, please observe the following:

- The pool is kept locked when not in use to avoid unsupervised access. The code is the last 3 digits of the current year. Please ensure the pool is locked after use.
- Please ensure the pool rules displayed within the enclosure are followed.
- Pool use is not permitted after dark.
- A reach-pole and spinal-board are kept in the pump shed. They are accessible while the shed gate is closed.
- The pool will be ready to use during your stay at Cahoots Adventure Camp during the hours of operation. Please advise a Team member if the pump is not running or the vacuum has not been removed.
- A leaf-scoop is available for your convenience from the filter shed. This is accessible while the gate is closed.
- Excessive use may require the pool to be shut down for maintenance. This will mainly occur overnight. Please observe the Pool Closed signs when in place.
- Bees are common in the pool area at certain times of the year. Please ensure Guests with severe allergies carry their Epi-pen or necessary medication

**Thank you for choosing to stay at Cahoots Adventure Camp, we hope
to host you again soon!**
