

Cahoots Adventure Camp | What to Bring to your Camp!

We've created a list of items to bring on your camp to assist in your preparations. Please consider the specific needs of your group when planning what to bring. It's a good idea to remind your campers that they are 'going bush'. White shoes and fancy clothes might be left at home, and weather appropriate attire is a must! Spare bedding and towels are available from the camp office for forgetful campers!
